Contact your local officer for pest plant and pest animal advice

Keith

PO Box 138, 61 ANZAC Terrace, Keith 5267

Kym Haebich

P: (08) 8755 1623

M: 0408 811 392

E: kym.haebich@sa.gov.au

I am based in Keith as the Coordinator - Pest Programs, working with the NRM Officers across the region. I help to support the NRM Officer's individual programs by providing technical advice for declared plant & animal projects, as well as land management & compliance activities.

Tony Richman

P: (08) 8755 1620

M: 0418 893 165

E: tony.richman@sa.gov.au

I cover the top end of the Tatiara region, including the Hundreds of Lewis, Coombe, Archibald, Makin, McCallum, Shaugh, Laffer, Stirling, Petherick, Willalooka, Marcollat, and Pendleton. Always working with landowners to improve identification of weeds and control practices, my main focus on weed control is to stop spread and eradicate new or small infestations.

I also undertake plenty of rabbit control during Summer and Autumn.

Neville Staude

P: (08) 8755 1620

M: 0417 859 080

E: neville.staude@sa.gov.au

I'm based at Keith and cover the Hundreds of Hynam, Binnum Geegeela, Beamma, Parsons, Marcollat, Tatiara, Wirrega, Senior, and Canniwigara. Rabbit and fox baiting programs as well as summer weeds are the priority over the summer/autumn period.

Lucindale

PO Box 93, Naracoorte, SA 5271

Michelle Sargent

P: (08) 8735 1177

M: 0419 807 946

E: michelle.sargent@sa.gov.au

I cover the Lucindale area which includes the Hundreds of Woolmbool, Lochaber, Glen Roy, Spence, Joyce, Townsend, Conmurra, Ross, Smith, Fox, and Coles. My priorities are to work with landholders and provide advice on pest plant and animal control techniques, weed identification and fox and rabbit baiting, with a strong focus on encouraging local group action to manage pests.

Kingston SE

PO Box 321, Kingston Council Depot, Adam Rd, Kingston 5275

Sid Frankling

P: (08) 8767 2077

M: 0427 808 206

E: sid.frankling@sa.gov.au

I cover the Coorong region through to Yumali/Coomandook which includes the Hundreds of Bowaka, Mt Benson, Minecrow, Murrabinna, Lacepede, Peacock, Landseer, Duffield, Wells, Neville, Messent, and Santo, with support from SAMDB along common boundaries. Top priority is to identify sleeper pests, control/eradicate isolated class one pest plants e.g. Khaki weed/Golden Dodder. I also map the spread of weeds/pests and support the spread and implementation of biological control with landowner support.

Millicent

PO Box 27, Batty St, Millicent 5280

Saxon Ellis

P: (08) 87303 510

M: 0428 854 611

E: saxon.ellis@sa.gov.au

I offer animal and plant control management advice for a variety of pest plants and animals across the Wattle Range local government area, including the hundreds of Riddoch, Mount Muirhead, Rivoli Bay, Short, Kennion, Symon, Lake George, Bray, and Waterhouse. Contact me for assistance regarding property/roadside inspections, fox/ rabbit baiting, weed identification, bio controls and compliance issues in this area.

Mount Gambier

Office: PO Box 1046, 11 Helen St, Mount Gambier 5290
Depot: PO Box 724, 324 Commercial St West, Mount Gambier 5290

Deb Lang

P: (08) 8721 0421

M: 0400 188 094

E: deb.lang@sa.gov.au

I am the Landscape Operations Animal and Plant Control Team Leader. Targets include: contain and prevent the spread of weeds that pose a risk to agriculture and environment or social values; support landholders using integrated pest management and encourage group action for pest control.

Andrew Shepherd

P: (08) 8721 0451

M: 0408 802 971

E: andrew.shepherd3@sa.gov.au

I am responsible for pest animal and plant control south of Mount Gambier and surrounding districts, including the hundreds of Mayurra, Hindmarsh, Benara, Kongorong, Macdonnell Caroline. I have a keen interest in biodiversity and enjoy being able to help the environment by controlling pests.

Tony Bullock

M: 0427 957 856

E: anthony.bullock@sa.gov.au

I work together with landholders in the District Council of Grant (Hundreds of Blanche, Gambier, Young, and Mingbool), Wattle Range Council (Hundreds of Grey and Nangwarry), and City of Mount Gambier to control declared pest plants and animals. A main focus is to prevent declared weeds new to the area from becoming established. I also encourage and assist landholder groups and individuals to control foxes and rabbits.

Penola / Naracoorte

22 Young St, 27 Arthur St (mail), Penola 5277

Alan Robins

P: (08) 8737 3308

M: 0409 420 823

E: alan.robins@sa.gov.au

I am based at Penola and look after the Penola/Naracoorte area. This includes the Hundreds of Monbulla, Penola, Killanoola, Comaum, Robertson, Joanna, Naracoorte, and Jessie. My main duties include reducing the spread of declared weeds by encouraging landholders to undertake weed control programs, offering technical advice and preventing new weed incursions from becoming established. I also assist landholders in controlling vertebrate pests such as foxes, rabbits and deer.
